SCOPE Academy of Public Sector Opens with First Batch

The first batch of 25 participants drawn from various public sector enterprises completed two-week capacity building programme under the aegis of Academy of Public Sector Enterprises (APSE). Dr. Madhukar Gupta, IAS, Additional Secretary, Department of Public Enterprises inaugurated the first programme. Highlighting the objective of the Academy, Dr. U.D. Choubey,

Director General, SCOPE informed that the two-weeks programme was structured to give micro and macro aspects of various issues in public sector enterprises, both in India and abroad. The Academy is different than the captive training centers in various public sectors where specified training is imparted exclusively for the area of functioning of a particular public sector whereas the APSE

will give broad picture of all the public sector enterprises under one roof which will cover different sectors like oil & gas, power, manufacturing, construction, communication etc. The participants were subjected to vigorous training programme with proper system of evaluation of their performance. This will be a continuous process and second batch will start shortly.
